SELECTED NON-ACADEMIC WORK EXPERIENCE

Instructor & Curriculum Designer

June 2019-Present

Mindfulness First

Since 2019, I have worked with Mindfulness First, a nonprofit devoted to promoting Mindfulness-Based Social and Emotional Learning. I was trained in the organization's curriculum and then taught mindfulness to elementary school children in the Fall of 2019. During summer 2020, I spearheaded the development of a new six-week curriculum focused on mindfulness as a tool for community engagement. Starting in 2021, I became a consultant and curriculum designer for the organization, designing and teaching six lessons to teach mindfulness to corporations. Clients I have taught include the US Bureau of Land Management and General Motors, among others. I continue to regularly teach, design lesson plans, and produce/review grant proposals and potential new programs.
